**Mountains and Valleys: THE
FLAMBOYANT FLEDGLINGS**

A close-up photograph of a brown nightingale perched on a dark branch. The bird has a slender body, a pointed beak, and a dark eye. Its feathers are a mix of brown and tan, with some darker streaking on the wings and tail. The branch it sits on has several small, green, unopened buds. The background is a soft, out-of-focus green, suggesting a natural, wooded environment.
